Hi Claudia, Nicole & Taylor,

I want to confirm your attendance tomorrow morning to speak briefly with the senior executives of Public Storage and Google regarding the current homeless issues surrounding their properties. The meeting will take place in the back cabana room at James Beach (60 N Venice, Blvd) starting at 10:30 am and ending at 12:00 noon or sooner.

As we discussed, Public Storage has requested this meeting primarily to understand "what they can or can't do" as it relates to addressing the homeless population that surrounds their 3rd, 4th & Rose Ave properties. Pete Panos, SVP # 3 at PS, Lily Yan Hughes, SVP & Chief Legal Officer & Corporate Secretary and two other local area managers are flying in from Northern California.

PS also requested that we include Google in this meeting to see how they are currently dealing with the homeless issues, especially at their 3rd Street property. Heith Rogers, Facilities Manager and their head of security will be there as well.

Ron Havner, the CEO of Public Storage has agreed to install perimeter lighting around their entire property, hire a security guard service, add an additional dumpster and implement a sidewalk power washing program, similar to what the City does once a week.

Bottom line: Claudia will be able to discuss the Cities position on the legal issues and can address questions that come up from Lily Hughes. Taylor can address CD11's current & future plans to deal with the homeless issues surrounding Venice and can potentially assist Public Storage in getting a permit to install the proposed lighting plan. Captain Alberca can address the LAPD's current & future role as to how best to work together with PS & Google senior management and security teams on a go forward basis. I have also invited George Francisco, President of the Venice Chamber of Commerce & VP of the VNC. George can address what other Venice businesses are doing to address the homeless or any questions that arise on Chamber or VNC. (I really invited George because he's a great guy).

Thank you all in advance for taking the time to speak on your related topics and for your continued commitment to building a more solid relationship with Public Storage & Google.

With respect & gratitude,

Brian

Hey Kevin -

No, nothing was verified. I get so busy and had so many concussions, if I don't write shit down, I forget it - so first I was trying to remember if you and I picked a possible date. Obviously, I didn't write down a date from our last convo - please let me know if you want to pick a few, then I can check with Capts and Scopa and we can do it.

Dec 2 is Xmas Sign Lighting.

ABOUT GOOGLE

Google's mission is to organize the world's information and make it universally accessible and useful.

It's really the people that make Google the kind of company it is. They hire people who are smart and determined, and they favor ability over experience. Although Googlers share common goals and visions for the company, they hail from all walks of life and speak dozens of languages, reflecting the global audience that we serve. And when not at work, Googlers pursue interests ranging from cycling to beekeeping, from frisbee to foxtrot.

Though no two Google offices are the same, visitors to any office can expect to find a few common features: murals and decorations expressing local personality; Googlers sharing cubes, yurts and "huddles"; video games, pool tables and pianos; cafes and "microkitchens" stocked with healthy food; and good old fashioned whiteboards for spur-of-the-moment brainstorming. The Los Angeles office has all this and more!

Recently, the Venice Chamber of Commerce had the pleasure of welcoming back the LA Rams before their homecoming game by lighting the Venice Sign Rams blue and gold! It was a great evening with lots of fun for kids and families and Councilman Bonin was joined by Rams boss Kevin Demoff and 3 Rams Hall of Famers - Orlando Pace, Jack Youngblood and Tom Mack - to light the Venice Sign.

Since you all are so generous with your time and advice when while I am producing these and other events that involve City services, I'd like to share the Chamber's Facebook album of photos with you all.

Thank you again!

December 2nd will be our 5th annual Christmas Sign Lighting and you are all welcome to be my guests backstage for the celebration.

Best,

Hi Mark. I am so sorry to hear about this. I will definitely reach out to our Beach Patrol and Captain Alberca to see what we can do to fix those broken windows out there. Luckily, crime at the beach and in the division as a whole is way down- in fact Pacific Division leads the City with overall crime reduction. But you are right, those quality of life things and broken windows do impact the overall feel of the community and don't always feel good. The one caveat is that now simply taking or having drugs doesn't escalate into a misdemeanor or worse, it is only an infraction, sort of like a ticket. (I am not a City Attorney, but I have copied one here, Claudia Martin, to fact check me.) And unfortunately that doesn't do anything to get them to stop doing it. It is going to have to be all of us partnering together, property owner, business owner, resident, council office, LAPD, etc. to improve the situation for everyone out there, and we can do it.

It is important both of you know about this as a reminder of the larger problem endangering residents, businesses, tourists, employees and the homeless. The magnet at the beach that attracts a dangerous crowd has become even stronger as of late.

We deal with problems frequently (we have invested an additional approx. \$150,000 for full time security) and many of our guests especially those with young children are frightened. In February a housekeeper at the hotel was attacked and kicked at the corner of Windward and Pacific. (Incident report attached). A review on Tripadvisor below describes the beach scene perfectly.

While we need to work together on a comprehensive plan to deal with some of the larger issues like housing etc. we must fix as many broken windows as we can now to simply protect people. Public intoxication and drug pushing are crimes that are not protected by any city legal settlement and must be addressed. The beach and Windward /Pacific corridor need a comprehensive crime prevention and safety plan now before the ice skating rink opens. We must do more to remove or at least lessen the strong pull of the magnet.

Is there any way I can help?

I went because its a tourist thing and to look at 'muscle beach' ...basically that is just a small outside gym at the beginning of the promenade...the beach itself is actually nice, but the area was horrific!!!! walking along the promenade I felt high on cannabis as thats all i could smell (there is a 'green' pharmacy amongst all the other shops that sell lots of similar tat) and there were multiple drug users and homeless people either camped out in a fog of smoke and intoxication, or wandering about haphazardly talking to themselves, with the occasional tirade of abuse to the public, or maybe even totally out of it face down on the beach. I will never go back.!

Hi Capt, Val -

I am having a meeting of my VNC committee - the Neighborhood Committee - which is composed of reps from each of Venice's neighborhoods. I thought it might be a nice, low pressure way for people to meeting Capt and get some of the first-hand understanding about crime reporting that I get from being on CPAB and for her to get the word out about things she feels are important.

And I provide coffee.

Please let me know if you would like to attend.

Next week I have COMPSTAT. Possibly Thursday. As far as the call, based on how it was communicated... Security holding won't generate a code 3 call, but a code 2 and this falls lower when assigned by communications division. With that said, I'll work with the beach units with respect to response time.

Mark,

Was the incident reported at the hotel?

These things must be documented in order to give us authority to follow up, arrest and prosecute.

As for the enforcement, I'm happy to share what we do coupled with the continued outreach component by our officers.

The dynamics with the increase of services, difficulty getting mental health services, medical marijuana, prop 47 and the AB 109 all play a role in what we are experiencing. With that said, I'm happy to strategize with you on additional ways to improve the area.

Your thoughts,

Hi Capt, Val -

I am having a meeting of my VNC committee - the Neighborhood Committee - which is composed of reps from each of Venice's neighborhoods. I thought it might be a nice, low pressure way for people to meeting Capt and get some of the first-hand understanding about crime reporting that I get from being on CPAB and for her to get the word out about things she feels are important.

And I provide coffee.

Please let me know if you would like to attend.

Thanks

Subject: Last Night's Incident- Felony Vandalism

Mike, Nicole:

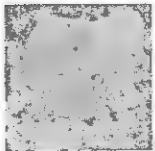

Last night there was a violent incident at the hotel. FORTUNATELY, none of our guests or staff were hurt. The perpetrator tried to force his way into the hotel earlier, was denied by security, returned and threw a large traffic sign through a window right in front of the desk.

It is important both of you know about this as a reminder of the larger problem endangering residents, businesses, tourists, employees and the homeless. The magnet at the beach that attracts a dangerous crowd has become even stronger as of late.

We deal with problems frequently (we have invested an additional approx. \$150,000 for full time security) and many of our guests especially those with young children are frightened. In February a housekeeper at the hotel was attacked and kicked at the corner of Windward and Pacific. (Incident report attached). A review on Tripadvisor below describes the beach scene perfectly.

While we need to work together on a comprehensive plan to deal with some of the larger issues like housing etc. we must fix as many broken windows as we can now to simply protect people. Public intoxication and drug pushing are crimes that are not protected by any city legal settlement and must be addressed. The beach and Windward /Pacific corridor need a comprehensive crime prevention and safety plan now before the ice skating rink opens. We must do more to remove or at least lessen the strong pull of the magnet.

Is there any way I can help?

"SCARY!!!!"

Reviewed 5 days ago NEW

I went because its a tourist thing and to look at 'muscle beach' ...basically that is just a small outside gym at the beginning of the promenade...the beach itself is actually nice, but the area was horrific!!!! walking along the promenade I felt high on cannabis as thats all i could smell (there is a 'green' pharmacy amongst all the other shops that sell lots of similar tat) and there were multiple drug users and homeless people either camped out in a

fog of smoke and intoxication, or wandering about haphazardly talking to themselves, with the occasional tirade of abuse to the public, or maybe even totally out of it face down on the beach. I will never go back.!

A poster for a 'COYOTES in Westchester and Playa Del Rey COMMUNITY MEETING'. The top half features a black and white photograph of a coyote standing in a field. Below the photo, the text 'COYOTES in Westchester and Playa Del Rey' is written in a stylized font. Underneath that, 'COMMUNITY MEETING' is written in large, bold, capital letters. Below the title, there is a paragraph of text: 'Please join us for a discussion with experts on wildlife and local coyotes. Information will be provided regarding the State of California's Wildlife Watch program, local patterns of coyote movements, progressive deterrent and exclusion measures, and what to do in a coyote encounter. Speaker cards will be provided for a Q&A segment following a presentation.' Below this text, there are two columns of information. The left column is headed 'HOSTED BY' and features logos for the City of Westchester and the Animal Services Department. The right column is headed 'WHAT: Coyote Community Meeting' and lists the date and time as 'WHEN: Wednesday, September 28 6:30pm' and the location as 'WHERE: Westchester Senior Center 8740 Lincoln Blvd Los Angeles, CA 90045'. At the bottom, there are logos for 'ANIMAL SERVICES', 'LAPD', and 'LMU LA', along with a 'RSVP at' link: www.ticketsandmore.com/day-to-community-meet.

Laurie and Miki, Thanks for the intro and reaching out. Venice is always conflicted in our wants and needs. We had a 76% vote in favor. However, the City Council did not let everyone speak and we have to go to re ballot.

There is a group of owners who are afraid that if we clean up the boardwalk, then the homeless problem will move into their neighborhood. To some extent they are right. For years the owners have been sending the homeless back to the Boardwalk where they "belong".

The counter is that the BID ambassadors are the first line of communication to the homeless about services. I know that Hollywood had success. Do you have any success stories you can share?

The homeless advocates are afraid that our BID Thugs will harass and pepper spray the homeless.

The NO Nos do not want change. Unless it is their change.

I look forward to meeting you both.

Thanks, Carl

Good Evening All,

As you may know Venice has been working together for some time now and will be implementing a BID hopefully by the end of year.

You both have made such a positive impact with crime reduction as well as quality of life improvements in your respective areas, we are confident we will see a similar effect in Venice.

My intent is this email was to make a formal introduction to allow Carl Lambert to connect with the two of you and share philosophies and strategies.

Thank you for all you do!

Respectfully,
Nicole

Venice Afternoon by the Venice Art Crawl

THURSDAY & FRIDAY, September 15th-16th

A special two-day event will take place at the Windward Plaza in Venice Beach on the fourth and last Venice Art Crawl of the year. The #VeniceAfterburn is a fun post-playa experience open to all burners and non-burners, blending the burner art with the vibrant Venice Beach

artist community. The Windward Plaza will transform into a surreal art environment mixed with the Venice Beach magic. Enjoy the art and fun with us! [Event details...](#)

Venice Welcomes Back the Los Angeles Rams

Friday, September 16th, 5:00 - 7:00 pm

Windward Ave. from Main Street to 14th St. - 100 Venice Blvd.

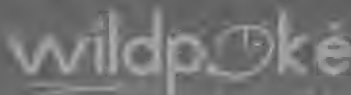

The Venice Chamber of Commerce, along with Los Angeles City Councilman Mike Bonin of District 11, will commemorate the historic return of the Los Angeles Rams by lighting the historic Venice Sign Rams blue and gold. An obstacle course and selection of LA's finest food trucks will be at Windward Ave. LA-themed lived music by local music artists will begin at 6:00 pm and culminate at 7:45 with a ceremony to light the Venice Sign hosted by Councilman Bonin and Rams GM Kevin Demoff. Local celebrities, Rams "legend" players, Rams cheerleaders and mascot, Rampage, will join the hosts in pulling the switch to light the historic Venice Sign in Rams colors! [Event details...](#)

CHAMBER IN ACTION RAISING FUNDS TO RESTORE POW/MIA MURAL

Please join us in our efforts to raise funds to restore and improve the POW/MIA Mural in Venice. Since 1994, the Mural has contained names of every POW/MIA from the Southeast Asia conflict and served as a reminder of those who have sacrificed their lives for this country. Unfortunately, the mural was vandalized the week preceding Memorial Day 2016.

The City of Los Angeles Council District 11 and Metro are committed to supporting a full restoration. In partnership with the Venice Chamber of Commerce and the original participants, we are seeking your support.

Please visit the link here to donate: <http://venicechamber.net/powmiamural/>

You have been assigned to the Los Angeles Rams "Venice" sign lighting event on September 16, 2016. Roll Call will be at 1500 hours at the Pacific Division GED Trailer (Unless advised otherwise by the I/C Sgt. Griego). Thank you and please to hesitate to contact me if you have any questions or concerns.

Here is a Draft for Friday's (September 16, 2016) Rams Venice sign lighting. I have not been able to meet with VICE to find out if they have a pre-scheduled event on this day to confirm if they will be available to help. I just received the information about this event last Friday and I am still awaiting the event organizer to provide further information about event particulars. Please let me know if this looks ok or if there is anything you need me to change.

According to the organizer there will be numerous people from the Rams organization who will be in attendance such as the general manager, possibly the head coach, and some past and present players. Also in attendance will be Councilman Bonin, possibly Assemblyman Autumn Burke, and potentially some name entertainers (will know more next week). Lt. Kreefft has volunteered her entire gang unit for the event and I have reached out to Sgt. Skinner to obtain four more beach officers. This will give us a total of 2 supervisors, 7 gangs, 4 beach, and 1 Slo.
